

BEST PRACTICES

Your Church Board is filled with *godly & gifted* individuals seeking the betterment of your congregation and the furthering of the gospel. These people are *imperative* to the effective and healthy ministry of your church. Invite them to a day of instruction and insight into becoming the best board they can be.

ATTENDED PREVIOUSLY?

New updated material will be presented to help Church Boards deal with current issues and concerns. Church Boards who have attended previous Basic Edition workshops will find this a wonderful opportunity to orient new Board members, refresh their understanding of governance practice, and address new issues facing church governance together!

FACILITATOR

FACILITATORS:

The afternoon Working Session is led by a facilitator. From our experience it is best if the facilitator is from within your denomination and is familiar with your church, as this works to strengthen the relationship your church has within its denomination.

This workshop has trained facilitators from within the Fellowship Baptist and North American Baptist denominations. If you are from another denomination we can assist you in finding and training an effective facilitator from within your denomination to work with your board.

Honorariums are to be determined between the church and facilitator.

Testimonial

"We have just had our second Church Board Meeting since attending the Best Practices Workshop. I want to thank you personally for the huge impact that this has already had on our Board. We had a 43 page package to consider and we were finished in 1.25 hours and then had 1.5 hours to talk about the important issues that we usually never get around to discussing. All of a sudden our board is interested in planning and vision! What a blessing! Thank you, thank you!" Central Baptist, Victoria
